### **Diva Wong | Travel Blogger**

Where to start with how much Abi has helped me! The reason I left my old coaching was because I felt like one of their many clients. From the moment I joined I just felt as though I was important and valued. I could always reach out to Abi for help and get a reply instantly. Most importantly, because of Abi's experience, she gave such good advice and guidance on my social media that I didn't find anywhere else. I was able to set my rates easily and understand how to monetise my social media. Meeting Abi and joining holler was the best choice I made to further my social media career!

### **Queen Dee | Business & Mindset Coach**

When I began my Instagram Journey I had absolutely no clue. I wasn't tech savvy and was dealing with a huge amount of impostor syndrome. I found Abi because her Instagram was lit! Loved how she could captivate me and make me feel valued. I wanted to have that same connection with my followers, fans, and would-be clients! I joined Abi's course and haven't looked back since. All of the course content is really knowledgeable. I implemented a few of the steps and have already grown from 250 to 1,500 followers - and my first 3 clients, and I'm now working with 2 brands!

### **Danelle Levy**

Honestly you've changed my whole perspective on my content and posting great looking and valuable content that my followers actually want to see! You've helped me so much with the course & my engagement rate has gone from 5.5% to 11.49%
